

# Model G 3050 OH

Introducing the **G 3050 OH** from Kärcher, new for 2007! The G 3050 OH is a compact powerhouse generating 3000 PSI, more than 60 times as much pressure as a typical garden hose. Featuring an uncluttered design with easy access to the engine and pump, this unit offers unrivaled ease of use.

The G 3050 OH sports many industry-leading features, including a **chip-resistant black crinkle finish** and an ergonomic frame with 10" pneumatic tires and metal wheels. As with our other G-series pressure washers, the G 3050 OH uses technology borrowed from our successful line of commercial products, including a **commercial-grade pump with brass pump head** developed exclusively by our German engineers. (The same pump technology was used by Kärcher to clean the presidential faces on [Mount Rushmore](#).)

The **G 3050 OH** is equipped with a reliable, easy to start **187cc HP Honda GC 190 engine** and a full set of our patented Pro-Style nozzles. A full line of accessories is available to further enhance the capabilities of this exciting new pressure washer. Elevate your level of cleaning today with the G 3050 OH from Kärcher!
